## How to apply for this insurance

Throughout this document when we are referring to your insurance broker or adviser, we simply refer to them as your intermediary.

If you are interested in buying this product or have any inquiries about it, you should contact your intermediary who should be able to provide you with all the information and assistance you require.

If you are not satisfied with the information provided by your intermediary you can contact us at the address or telephone number shown on the back cover of this document. However, we are only able to provide factual information or general advice about the product. We do not give advice on whether the product is appropriate for your personal, objectives, needs or financial situation.

## Our contract with you

Your policy is a contract of insurance between you and Zurich and contains all the details of the cover that we provide.

Your policy is made up of:

- the policy wording which tells you what is covered, sets out the claims procedure, exclusions and other terms and conditions of cover;
- the proposal, which is the information you provide to us when applying for insurance cover;
- your most current policy schedule issued by us. The policy schedule is a separate document unique to you, which shows the insurance details relevant to you. It includes any changes, exclusions, terms and conditions made to suit your individual circumstances and may amend the policy; and
- any other written change otherwise advised by us in writing (such as an endorsement). These written changes vary or modify the above documents.

Please note, only those covers shown in your policy schedule are insured.

This document is used for any offer of renewal we may make, unless we tell you otherwise. Please keep your policy in a safe place.

We reserve the right to change the terms of this product where permitted to do so by law.

## Duty of Disclosure

Before you enter into a contract of general insurance with us, you have a duty at common law to disclose to us every matter you know, or could reasonably be expected to know, that a prudent insurer would want to take into account in deciding whether to insure you and, if so, on what terms. This applies to all persons to be covered under this contract of insurance.

You have the same duty to disclose those matters to us before you renew, extend, vary or reinstate a contract of general insurance. Your duty however, does not require disclosure of a matter:

- that diminishes the risk to be insured;
- that is of common knowledge;
- that we know or in the ordinary course of our business we ought to know;
- that we state to you that we do not want to know.

## Non-disclosure or Misrepresentation

If you make a material misrepresentation to us, or if you do not comply with your duty of disclosure we may treat your policy as if it never existed.

## Underinsurance

This policy contains an underinsurance provision that may limit the amount that we pay when you have a claim. This will only happen if your understate the *sum insured*.

## Supplementary Claims Conditions applying to Option A

### 1. Method of settlement

We will pay any reasonable expenses for reproducing data or information needed to restore the insured *data media* to the same condition it was in before the *insured damage*, so that the normal operation of the *electronic data* processing system can continue.

### 2. Obsolete equipment

Where components or manufacturer's specifications are no longer available because they are obsolete, we will pay the reasonable costs, which would have been incurred if the components or specifications had still been available.

We will pay the reasonable costs incurred for the professional fees of accountants or auditors in compiling details for a valid claim under this Optional Extension, limited to \$10,000 or 5% of the *sum insured*, whichever is the lesser for any one event, or the amount stated in the *schedule* for this extension.

### 2. Lease re-establishment costs

We will pay the additional costs to re-establish any lease or hire contract as a result of *insured damage*, if at the time of loss there is a lease or hire contract in force which is cancelled and replaced by a new contract, in respect of replacement similar equipment to that lost or damaged.

Our liability is subject to the *sum insured* under this Option B not otherwise being exhausted.

### 3. Reinstatement of the sum insured

Following a claim, we will reinstate the amount of the *sum insured* unless you tell us not to do so. The reinstatement will start from the date the *insured damage* occurred.

For this Supplementary Benefit to apply:

- (b) the *period of insurance* during which the *insured damage* occurred must not have ended; and
- (c) the policy must not have been cancelled.

## Supplementary Conditions applying to Option B

### 2. Sum Insured

The *sum insured* must not be less than the amount you would have to pay during the *indemnity period* stated in the *schedule* for the use of substitute items of *insured equipment* of similar performance to the items specified in the *schedule*. It should also include the cost of additional personnel and transportation incurred in using the substitute items of *insured equipment*.

## Option C – Moveable Equipment

### Cover

We will cover moveable items of *insured equipment* listed in the current *schedule* against *insured damage* at any *situation*, or in transit between *situations*, within New Zealand.

## Supplementary Exclusion applying to Option C

### 2. Sum insured

The *sum insured* for each item of *insured equipment* specified in the *schedule* must not be less than the *new replacement value*.

## Claims Conditions

### 1. In the event of a claim

As soon as you are aware of any loss or damage that is likely to result in a claim under this policy.

You must:

- (a) take any reasonable steps to reduce the loss or damage and avoid any further loss or damage.
- (b) notify the Police of all incidents involving loss or malicious damage from theft or burglary which may give rise to a claim under the policy.
- (c) tell us about any other insurance(s) which cover all or part of the *insured equipment*.
- (d) keep any damaged or defective parts for which you intend to make a claim (so that we may inspect them).

You must not:

- (e) carry out any repairs (except those allowed in 1. (a) above) without our written authority.
- (f) admit responsibly for any loss or damage.
- (g) make any false statements in connection with your policy or any claim you make.

If you do not follow these steps, we can reduce any claim by an amount that fairly represents the extent to which our interests have been disadvantaged.

### 2. How to make a claim

To make a claim under this policy, you must:

- (a) tell us what happened immediately. Write to us as soon as possible giving details where there may be a claim under this policy.
- (b) complete our claim form and send it to us promptly.
- (c) give us and our agents free access to examine and assess any *insured damage*.
- (d) provide any other information or help which we may request to support your claim.
- (e) provide a statutory declaration to verify the *insured damage*, if we request it.
- (f) tell us the identity of anyone who has an interest in the *insured equipment*.

After you have made a claim under this policy, we have the sole right to act in your name and on your behalf to negotiate or settle the claim. If we do this, it will be at our expense. You must give us all the help and information we need.

### 3. After your claim is accepted

After we have paid a claim under this policy either in total or in part, we have the right to take over any legal right of recovery which you have. If we do this, it will be for our benefit and at our expense (if you have been fully reimbursed). You must provide full co-operation at all times.

We have the right to keep any *insured equipment* we have paid for under this policy, including any proceeds if the items are sold.

If any person compensates you for the *insured damage* of any *insured equipment* for which we have paid a claim, you must reimburse us for that payment. You must do this as soon as the payment is made.

### 4. Method of settlement

There are two bases upon which we may compensate you:

- (a) Repairable Physical Damage; or
- (b) Total Loss.

If the repair cost which we describe as 'Repairable Physical Damage' is the same or greater than the replacement value of the *insured equipment* immediately before the *insured damage* occurred, we will pay you according to the 'Total Loss' method.

- (a) Repairable Physical Damage

If the *insured equipment* can be repaired, we will pay:

- (i) all the expenses needed to restore the physically damaged item(s) to their former state of serviceability.
- (ii) the cost of dismantling the item(s) so that repairs can be carried out, and the cost of reassembling the item(s).
- (iii) the cost of ordinary freight to and from a repair shop.
- (iv) any customs duties and dues which are incurred to repair the item(s).
- (v) any reasonable extra charges for overtime, night work, work on public holidays and express freight within New Zealand, including *air freight*. This will only apply if the additional charges are not greater than 50% of the ordinary charges.

If you carry out the repairs at one of your workshops with our approval, we will pay the cost of materials, wages and a reasonable percentage to cover overhead charges.

We will not deduct any amount for the depreciation of any parts replaced except for valves, tubes (including picture and x-ray tubes) and light sources. For these items we will deduct the proportion of the replacement cost as the time used up until the time of failure bears to the normal service life expected by the manufacturer or supplier.

We will also take into account the value of any salvage.

Our total liability including overtime and express delivery charges will not be greater than the *sum insured* for each item or group of items listed on the *schedule*.

(b) Total Loss

If an insured item is physically damaged beyond repair, we may choose to:

- (i) replace the item with an equivalent item.
- (ii) pay an amount up to the cost of an equivalent item, if the physically damaged item is less than six years old.
- (iii) pay the actual value of the item immediately before the *insured damage* occurred, if the damaged item is more than six years old.

When an item is replaced, we will also pay any reasonable charges incurred for overtime, night work, work on public holidays and express freight within New Zealand, including *air freight*. This will only apply if the additional charges are not greater than 50% of the ordinary charges.

Our total liability including overtime and express delivery charges will not be greater than the *sum insured* of each item or group of items listed on the *schedule*.

We will also pay any normal charges to remove items, which are physically damaged beyond repair. They then become our property.

## 5. Costs not covered

We do not pay the cost of:

- (a) alterations, improvements, overhauls, calibrations or the unnecessary replacement of undamaged components.
- (b) temporary repairs, unless they form part of the final repairs and do not increase the total repair costs.
- (c) expenses for overseas specialists or consultants to help or supervise local repairs.

## 6. Excess payment

Before we pay a claim you will be required to pay the *excess* shown on the *schedule*. We will deduct the applicable *excess(es)* from the claim otherwise payable and then pay you the amount of the loss or damage up to but not exceeding the relevant *sum insured*.

## 7. Payments in respect to Goods and Service Tax

All sums insured in this policy (except for the *excess*) exclude GST where that GST is recoverable by us under the Goods and Services Tax Act 1985. We add GST, where applicable, to claim payments. However, this does not apply to the *excess* which is GST inclusive.

## 8. Repairs

Before any remedial work is started, you must obtain a minimum of two quotes, unless agreement is obtained from us.

Minor or temporary repairs can be carried out subject to the Claims Condition 1. 'In the event of a claim' however, the damaged parts, item(s) or physical evidence must not be removed before you have obtained our consent.

We have no liability for any *insured equipment* damaged and operated without it being repaired to our satisfaction.

## 9. Underinsurance

The *sum insured* for each item must not be less than the new replacement cost which shall mean the cost of replacement of the insured item by a new item of the same kind and capacity including packing, freight, customs duties and dues if any, and installation charges.

If at the time of loss or damage to any item insured under this policy it is found that the *sum insured* is less than the new replacement cost then the amount recoverable by you under this policy shall be reduced in such proportion as the *sum insured* bears to the new replacement value.

Every item if more than one insured under this policy shall be separately subject to this condition.

## 10. Obsolete equipment

Where components or manufacturer's specifications are no longer available or because they are obsolete, we may choose to either:

- (a) pay the costs which would have been incurred if the components or manufacturer's specification had still been available; or
- (b) pay the actual value of the item immediately before the *insured damage* occurred, whichever is the lesser.

## 11. Proper law and jurisdiction

- (a) The construction, interpretation and meaning of the provisions of this policy shall be determined in accordance with New Zealand law.
- (b) In the event of any dispute arising under this policy, including, but not limited to, its construction and/or validity and/or performance and/or interpretation, you will submit to the exclusive jurisdiction of any competent Court in New Zealand.

## 12. Other insurance

- (a) If you make a claim for an occurrence which is, or may be, covered in whole or in part by any other insurance, then when making the claim you must give us full details of the other insurance.
- (b) This policy does not cover any claim to the extent that you are entitled to indemnity in respect of that claim under any other insurance policy specified in the *schedule*.

## General Terms and Conditions

### 1. Assignment

We must first agree before the interest in the insurance can be transferred to anyone else.

### 2. Cancelling your policy

When a policy is cancelled or terminated, you may be asked to supply information, which we require to adjust the premium.

### 3. Changing the risk

You must notify us as soon as you are aware of any changes to the risk that:

- (a) may result in a greater chance of *insured damage*; or
- (b) result in your interest in the *insured equipment* ceasing.

When we receive notification of a change, we may decide to:

- (c) adjust the premium or the terms of the policy; or
- (d) cancel the policy if we are entitled to do so.

### 4. Inspections

We (or agents appointed by us) have the right to inspect and examine, by mutual appointment, any *insured equipment*.
